

- Sizes are as follows: First size number is "A" measurement, second size number is "B" measurement as per diagram below.

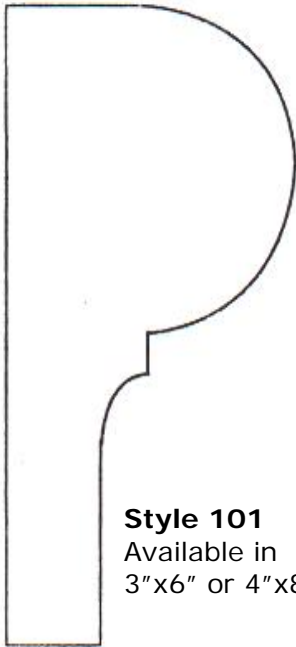

- All shapes come in 96" (8') lengths standard, but can be cut to 48" (4') lengths as well.
- Arches can be custom made to order for all standard foam shapes. Only true radius arches can be made.
- Columns come cut in two halves with the center cut-out as show in this catalog. Columns come in 96" (8') lengths only.
- Some shapes can be "flex-cut" on the back side of the shape to be able to flex for surfaces that require bending of the shape. Ask Somar Industries LTD. For more details.
- Many other custom shapes and sizes can be custom made to order; Other Column Styles, Balusters, Different Capital and Base Designs, Quoins, Keystones, Wall Plant-Ons, Dentils, Sills and Wall Caps. Consult with Somar Industries LTD. For the unlimited design options you have.
